STRATEGIC PLAN OVERVIEW

ARTS VISION

To make the arts accessible to all students and provide them with multiple opportunities to pursue excellence in the arts through collaboration, self-discipline, perseverance, responsibility, and determination.

ARTS MISSION

To focus on providing professional development opportunities for teachers to design and implement a plethora of arts integrated lessons. To provide experiences for all students through Artists-in-Residence, to increase opportunities for students in the arts and to integrate technology to support the arts across the curriculum.

ARTS GOALS

- To provide teachers with professional learning pathways geared toward arts integration.
- To provide quality Artist in Residence opportunities.
- To integrate technology to support arts focused lessons/endeavors.
- To provide access to the arts through various outlets
- To cultivate community partnerships to enhance our students' educational opportunities in the academic setting.
- To explore the STEAM curriculum and potential impact of student learning.

POINTS OF PRIDE

- "Empower" class period, which is a time to build culture, support academics, and/or get additional rehearsal or work time in the arts
- Instructional minutes are evenly distributed between the arts and core classes
- Professional development opportunities with an emphasis on arts focused lessons
- Artists-in-Residence
