STRATEGIC PLAN OVERVIEW

ARTS VISION

We envision a school that includes the arts as integral to learning where: the focus is on students; students, staff and stakeholders feel safe, valued, and respected; educational opportunities and quality facilities maximize student learning and creativity; opportunities inside & outside of the classroom ensure growth and development for all students; all students graduate with a career focus and a planned path to achieve it; parents and the community, as partners of the school's educational program, support arts activities and student growth.

ARTS MISSION

The mission of Woodland Heights Elementary School is to immerse students in the arts as an integral part of a quality education.

ARTS GOALS

- To improve student achievement in the arts through curriculum, instruction, and assessment.
- To positively impact student learning by providing a comprehensive sequential arts program to include the five arts disciplines and through arts integration/infusion including all teachers.
- To enhance the current arts programs through the improvement of facilities, providing greater opportunities for our students.

POINTS OF PRIDE

- Woodland Heights is a school family that considers the needs and learning of all of its stakeholders: students, parents, and teachers.
- The arts serves as a means to share, teach, and enjoy the accomplishments of all of our family members.
- ABC provides a catalyst for our commitment to a well-rounded education that is inclusive for all.
- Designated a Model ABC Site for School Visits (part of the school visit pilot program).
